Subject: RE: Rice Creek Regional Trail, VP26640 - Revised CCP Approval

Joe,

MPCA VIC Program staff has completed our review of the Revised Construction Contingency Plan for the Rice Creek Regional Trail site. The Revised CCP is hereby approved.

A follow up on the change from RAP/CCP to CCP. In order to approve a Response Action Plan, we need a delineated release (Minn. Stat. § 115B.175 subd. 3(b)). Since we don't have a delineated release, the document needs to be called a CCP. Ramsey County is covered from a liability perspective for the investigation work (excavating, stockpiling, and testing) under both the 4/4/13 No Association Determination and under the work plan components within the CCP (Minn. Stat. § 115B.17 subd. 14(c)).

Thanks, Shanna & Amy
